

ProSpec® Level Set® Epoxy Primer

**A 100% solids, two-component,
solvent-free epoxy primer**

Level Set® Epoxy Primer is specially formulated for maximum bond strength to minimize cracking and for sand broadcast applications. Use with Level Set® Underlayments and Wear Toppings.

**Cures in
4-6 hours**

■ **Formulated for easy application**

- One to one mix ratio
- Low odor for use in confined areas
- Easy spread and good workability
- Fast return to service

■ **Applications**

- Concrete and non-porous substrates such as epoxy moisture mitigation systems
- Exterior concrete repair applications
- Required when polishing Level Set® Wear Topping
