

Moisture Guard Max

One-coat, easy to use, moisture vapor reduction coating

■ Application made easy

- Clear indication when properly mixed: blue (Part A) + yellow (Part B) = green
- Conveniently packaged 3 gallon kit in a single mixing container
- Saves time and labor: one coat application

■ Technical performance guaranteed

- Reduces 25 lbs. of moisture vapor transmission to less than 3 lbs.
- Effective on concrete with 100% RH and up to pH14
- Alkali resistant
