Contact Technical Services for other approved Underlayments and Wear Toppings to provide the perfect base for decorative concrete and terrazzo finishes.

# Warranty Information

The following Terms and Conditions and Systems Requirements apply to a System Limited Warranty for ProSpec®, an H.B. Fuller Construction Products Inc. Brand

## Terms and Conditions

Subject to the conditions and limitations in this document, H.B. Fuller Construction Products Inc. (“HBF-CP”) warrants to the original owner that the ProSpec® products listed in this document will be free from manufacturing defects and will, with normal usage, perform in accordance with published specifications in effect on the date of its application or installation. For this warranty to apply, the products must be installed properly as part of the System in accordance with the respective companies most recently published specifications and industry standard guidelines. This warranty applies to all applications of the product(s) that occur after September 2, 2014.

## System Requirements

The substrate must comply with the following requirements in order for the System warranty to be available to the installation. HBF-CP will not be responsible for system failures resulting from use over a damaged, defective or improperly prepared substrate and/or framing system. Concrete must conform to ACI 201. Concrete cannot have pre-existing cracks in the substrate or exhibit vertical plane differences. All installations must conform to the applicable industry standards and applicable building code requirements. Underlayments, selection and use of the moisture mitigation and applicable flooring adhesives products are dependent upon job requirements. It is the responsibility of the owner and/or installer to test and determine the suitability of the material for the intended use.

## Exclusive Remedy

As the sole and exclusive remedy for breach of this limited warranty, HBF-CP will repair and/or replace, at its discretion, the affected area of the System at a cost not to exceed the original square-foot cost of the portion of the System proven to be defective. Proof of original product purchase and installation costs may be required. HBF-CP will not pay for repair or replacement of any portion of the System that is not proven to be defective. HBF-CP cannot guarantee an exact match to the floor covering. In the event that the exclusive remedy fails, HBF-CP's liability is limited to the dollar value, on a square-foot basis, of the original price of the portion of the System being replaced.

## Limitation of Remedies & Damages

HBF-CP is not responsible for structural failure or for workmanship that is not in accordance with the product specifications, applicable ANSI standards and applicable building code requirements. This warranty does not cover normal wear and tear or cracking due to structural movement, excessive deflection or other failures in the substrate or framing, including damage resulting from weather, topical water, fire and acts of God. THIS LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. HBF-CP EXPRESSLY DISCLAIMS ANY OTHER WARRANTIES, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND WARRANTIES ARISING FROM SAMPLES OR ORAL STATEMENTS OR BY OPERATION OF LAW, STATUTE, COURSE OF DEALING, CUSTOM, TRADE OR OTHERWISE. HBF-CP SHALL NOT BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOSSES DUE TO DELAYS OR DISRUPTIONS.

## Claim Procedures

To make a claim under this limited warranty, you must notify HBF-CP within 15 days after discovering any alleged System defect and before performing any repair work. You may be required to provide proof of product purchase and installation. HBF-CP, at its discretion, may require a job site inspection.
